Boston, Massachusetts, USA

TPC Boston

Celine Borge

Quick Quotes

Q. All right, I'm joined now by Celine Borge after the second round of the FM Championship. Great round today. Can you talk us through how you stayed in it despite the multiple rain delays?

CELINE BERGE: Yeah, thank you. It was a long day. But I just tried to stay focused when I was on the course and warm up before the new start.

And, yeah, I felt it went okay, yeah.

Q. Today was obviously very wet and very different compared to the course yesterday when it was a little bit drier and firmer. You performed a lot better today. Do you think there was anything that potentially suited your game better with the conditions or do you think that it was just getting in tournament mode and finding your rhythm?

CELINE BERGE: The greens got a little softer so that probably helped a little. Then it's easy to control.

But I felt it was just -- I hit the approaches very good, so, yeah, try to do the same tomorrow.

Q. You hit 16 of 18 greens in regulation. Do you think that your short game is a strength for you right now?

CELINE BERGE: Yeah, the iron play has been something I've been struggling with a little recently but today it was good, so...

Q. How do you stay focused during lengthy rain delays and stay mentally strong? How do you carry that momentum into tomorrow?

CELINE BERGE: I just went and had a lot of food between the different delays. Just, yeah, relaxed at the clubhouse. Didn't really think much about the golf when I was there and focused on the golf when we started again.

Q. Can you walk me through what not focusing on the golf to focusing on the golf looks like? What do you

CHAMPIONSHIP

think about when you make that change and flip that switch?

CELINE BERGE: Talk to some other people at the clubhouse, and then I have my coach this week, too so I have some company, yeah.

Q. No bogeys today. It was clear that you remained locked in when you were on the course. Did you find that the softer greens allowed for you to pin hunt per se and be more aggressive when you were looking for your greens in regulation?

CELINE BERGE: Yeah, I felt the ball stopped quicker so then it was easier. I remember the greens were a little softer last year, too during the weekend, so...

Q. What kind of momentum do you hope to carry from today into the weekend?

CELINE BERGE: Just try to stay focused on the show the and try to do my best.
