Quick Quotes

Q. Okay, here with Julia Lopez Ramirez. Good round; 2-under. Can you just tell me a little bit about the day?

JULIA LÓPEZ RAMIREZ: It was tough out there. Like the fairways here are pretty narrow, so it's quite hard with the wind, especially some short holes, some long holes.

Especially after I kept myself in control and hit a lot of fairways and try to get good approach into the green to give opportunities for birdies.

Honestly lot of par save out there, too, so it was good.

Q. Do you like this course? What about the course maybe do you like or don't like?

JULIA LÓPEZ RAMIREZ: I do. I think I do like the course. It's obviously a lot like narrow from the tee. My distance, sometimes I have to pull out a little bit more, but obviously it takes a lot from approach shots and I can take advantage on that, so I like it in this way.

Q. How have you been preparing for this week? I know it's different sometimes when you're at a resort.

JULIA LÓPEZ RAMIREZ: I think obviously like how hot it is out here it's good to get rest and be ready for the next day. For practice I just kind of like play nine holes every day and try to play early in the morning so I can have my beach time or like pool time after, so it's quite nice.

What I normally do is play nine holes, work out, have time off and don't have anything about golf. Get ready for the next one.

Q. What were some of the highlights of today?

JULIA LÓPEZ RAMIREZ: I would probably say a lot of my tee shots. They were like obviously always in play and got me in position. I think that brings me like not stress. Like quite confident not like hitting in the rough or stuff.
