

# Riviera Maya Open

Friday, 23 May 2025

Mayakoba, Quintana Roo, Mexico

El Camaleón Golf Course

## Miranda Wang

### Quick Quotes

**Q. Here with Miranda Wang after her second round here in Mexico. Really good round. First bogey-free round we've seen, and 7-under. What did you do to have such an incredible round today?**

MIRANDA WANG: Yeah, today I had a good day on the golf course. Yesterday my driver wasn't hitting really good so I spend a little time on driving range yesterday, so today it's -- I found my swing on the tee box, and on the fairway I was hitting really good.

**Q. What is the key to being successful on this course? What about this course do you have to do well?**

MIRANDA WANG: I think this course, there are good opportunities out there, short par-4s and short par-5s. Today what I did well I really took the chances.

So I think for a player to have a good round here it's just like the short holes you have to get close and make birdies and the long hole, just make good swings and pars out there.

**Q. And you've had a pretty solid rookie season. I think this is your best round this year, though. Did you feel like this was your best round, or do you feel like you've had a lot of solid rounds this year?**

MIRANDA WANG: I think I've had a 7-under before, so this is my second 65. As you said, it's a pretty solid beginning for me on the LPGA.

I'm happy with that.

**Q. What's been the key to maybe staying on top of the heat? I know the heat plays a big factor this week. How have you prepared for that and stayed steady?**

MIRANDA WANG: So I really -- I was really drinking a lot of water, and my caddie did a good job just feeding me water all the time. I think that's the most important.

And just like it's windy out there so there is some good breeze. Just enjoy the breeze and drink enough water.

**Q. You're tied for the lead right now, but still a lot of golf to play today. Heading into tomorrow so high on the leaderboard, what does that mean to you to see?**

MIRANDA WANG: I'm definitely happy with where I am right now. But it's just only halfway through. I want to hit every shot, all do my best on every shot coming up.

**Q. Are what are some of the goals for moving day tomorrow? Anything specific?**

MIRANDA WANG: I would liked to what I did today. Take some more effort to stay focused and stay focused on my own game and just play my best in my every shot.
