

# Riviera Maya Open

Saturday, 24 May 2025

Mayakoba, Quintana Roo, Mexico

El Camaleón Golf Course

## Jenny Bae

### Quick Quotes

**Q. Okay, here with third round leader Jenny Bae. Jenny, solid start to the round today. I know not the finish you wanted, but just tell me about the day, especially getting off to three birdies in a row.**

JENNY BAE: I was definitely a little nervous and tense heading into the third round. The three birdies back-to-back-to-back was definitely a big confidence booster for me to finish out strong.

I didn't finish as well as I wanted to, but that's okay. Just tells me that I need to fight more the last 18 holes.

**Q. Did you ever feel like you were getting frustrated with the amount of pars? Did you think you left any birdies out there? You looked very composed for sure.**

JENNY BAE: I don't think I really felt frustrated with all the pars. I feel like I definitely left a few birdies out there, but it's okay because I know those chances that I missed today could also be the birdies that I get tomorrow.

So I feel good.

**Q. Heading into tomorrow with a one-stroke lead just like today, what did you learn about the round today and holding your first-ever lead on the LPGA Tour after yesterday?**

JENNY BAE: Yeah, it feels great. I just feel like I just need to stay in the moment and just try to focus on every shot and just try to be in the present like my caddie always tells me.

I have a good feeling for tomorrow, so hopefully I'll go low.

**Q. Obviously U.S. Women's Open is on the line tomorrow. Have you thought about that entering the week?**

JENNY BAE: Actually no. I actually tried to avoid thinking of anything --

**Q. Sorry.**

JENNY BAE: You're good. Anything that doesn't have to do with the week and the shot I'm currently in.

So if I get in, it's great. If not, it's also okay. As for now, I'm just trying to focus on what I need to do tomorrow.

**Q. Speaking of tomorrow, just the course, you've had three days on this course. Where do you need to give this course a lot of respect? Where do you have to keep it together on this course?**

JENNY BAE: I think I definitely need to be a little more cautious about the wind. There is a lot of wind out there, and it could just as easily give me a birdie, as well it can get me a bogey.

So I think I just need to double take and think a little more right before I hit the shot.

**Q. And last question from me: Obviously go in with the lead tomorrow. What's the plan for tonight? What kind of pep talks will you get from the family? I know your mom is here.**

JENNY BAE: Eat some good food and get a lot of sleep is what I'm going to do.
