Q. All right, here with Ruixin after her first round at the Maybank Championship. Solid round to start this event. Just talk about how it went out there.

RUIXIN LIU: You know, my swing was great today. I didn't miss any of my driver or 3-wood off the tee. Just extremely hot out there, so the last few holes it's tough for me to stay the same. So I think that's the reason why I bogeyed the last one.

Q. Talk about this stretch of events, the fall Asia Swing. How much do you enjoy coming over here?

RUIXIN LIU: For me it's like my first ever fall Asia Swing so I'm just trying to enjoy everything, enjoying the food, different city.

Climate change is a little bit hard for me especially last week was extremely cold. I don't have any expectation this week. Just try to finish my round because it's just so hot.

Q. And talk about just the patience of this stretch of golf, too. It's a lot of golf. Like you're saying, no cuts; four rounds every week. How do you stay patient?

RUIXIN LIU: I don't want to set any goals for scores or any result. Just try to have a good time with John out there.

Q. Do you think that's always been something that you try to do in your golf?

RUIXIN LIU: Yeah, I mean, I think mentally I'm very loose and I will say I'm very low-key person.

So I think that that really helps sometimes.

Q. What are you looking forward to most out here playing this week?

RUIXIN LIU: There is a lot of good food out here and there is actually a lot of Chinese fan. They say hi to me and I think that really cheer me up a lot, so I'm really enjoying this week so far.
