### Quick Quotes

**Q. All right, here with Haeran after the second round at the Maybank Championship. Another great round; tied for second. Talk about today.**

HAERAN RYU: Today my condition is really bad, much bad than yesterday. But, yeah, 16 to 18 I make some birdie. Yeah, it's strong finish. I'm really happy to have three birdies.

**Q. You were stuck in the rain delay as well today. What did you do during that time to stay patient for the last couple holes?**

HAERAN RYU: I just (indiscernible) one meter birdie putt on hole 17 green, I think much easy than another hole birdie, but (indiscernible) right.

And then but I just looking for the fun video and refresh for my mind. Yeah, that's good for me, and then I make some two birdies after the stop.

**Q. Did you see the course conditions be any harder out there today. Different hole locations I heard, kind of tucked.**

HAERAN RYU: Yeah, it's so hard and so tricky today, yeah. Today in the morning I always check for my yardage book and pin location. Today is second round but almost same as third and final round pin location. I'm also surprised.

But many players make some good score today. I was work hard.

**Q. Two more rounds to go. How are you looking to rest and recover?**

HAERAN RYU: I hope so tomorrow much better than today my neck, my sore throat and my nose, and not coming thunderstorm tomorrow hopefully.

I will just work hard and maybe some lucky.

**Q. You've been in this spot a lot of times. I feel like you've had so many top 10 finishes and a win this year, too. What do you take into every weekend when you're so close to the lead like this?**

HAERAN RYU: Every week I just think for my golf to consistent for my shot and putt, but every week I search for another problem for my swing and my putt and feeling. Yeah, that's good for every week.

**Q. Do you think you're comfortable being in a pressure position now because of how much experience you've had?**

HAERAN RYU: Yeah, yeah, I hope so.
