Quick Quotes

Q. Here now with Mary after her first round here at the Maybank Championship. Just take us through the round today. Solid 5-under from you.

MARY LIU: Yeah, I think score-wise I feel really good. And then plus the weather here is really humid and hot, so we tried to stay hydrated. I really enjoy this pretty course, lots of challenge.

And then it's a wonderful day and just focus one shot at a time, be more patient, and then think anything is possible.

And then really great off week last week, and then all the hard work paid off. Look forward for next two, three days.

Q. What were some of the highlights out there on the course today?

MARY LIU: So many highlights today. Well, you know when you play good just everything goes well, so I would say everything. Like if I got -- like there is one hole I got bogey, but I fight back, so I think, I mean, all day it's pretty good.

Q. Yeah. You kind of mentioned it, but it's going to be hot the rest of the week. What are some of the tips and tricks you're using to stay hydrated and conserve your energy over the next couple days?

MARY LIU: I think first of all stay hydrated every single time. Just get up and after the round drink a lot and also I think eat delicious food.

I really like the food here and then also the view from the hotel and from the golf course. Everything makes me feel really (indiscernible) and then happy, so that's really cool.
