Quick Quotes

Q. All right, here with Ashley Lau after round three. Just not quite the score you wanted but just tell us a bit about your round.

ASHLEY LAU: Yeah, just not a good day in the office. I hit some good shots; just had some bad bounces and just left me with some tough chips.

Yeah, nothing to be mad or sad about because I felt like I played pretty decent. Just didn't really have any putts dropping. So, yeah.

Q. How was the ball striking?

ASHLEY LAU: Maybe a little poorer than the last two days. Still I would say pretty decent. Yeah, again, didn't really leave myself a lot of birdie opportunities.

Q. So which aspect of your game do you think you need to improve on?

ASHLEY LAU: I think ball striking just based on today, but based on the last three days in general I would say nothing really needs to be changed.

Yeah, just it's golf. Like bad luck here and there, so nothing, you know to fret about.

Q. You have been on Tour quite a while. How do you reset after setbacks?

ASHLEY LAU: Yeah, probably just have some lunch, practice after, and, yeah, analyze what was wrong today and ball striking and just have another round tomorrow.
