**Q. What a brilliant finish A Lim to a super round of 64. Talk us through your second shot into 18.**

A LIM KIM: Incredible. Yeah, I make shot, but really great shot. It was really great shot. I love that.

**Q. And then the eagle putt, rolling in for a three was also very good. Lunch is going to taste very nice today.**

A LIM KIM: Yeah, today I make a lot of putt and then read is better than first round, but I have one more day so keep working on it.

**Q. Yeah. There is still one more round to go but you're putting yourself into a great position. What did you have for breakfast, because you were 4-under through five holes early this morning.**

A LIM KIM: Just same breakfast: Just bread and then egg.

**Q. Okay. I need to be eating that for sure. A fast start. Why are you playing so well? You've had a couple Top 10s; you finished third only a couple weeks ago. What is this good form down to?**

A LIM KIM: Oh, same, because I change my shape, but I'm used to fade for almost one year. It's more used to so that reason going to getting better and better.

I promise next year is more better, yeah.

**Q. So you're fading the ball and drawing it, moving it both left to right, and that's really helping you around the golf course?**

A LIM KIM: Yeah, any play is no problem for me. And then more chance, so a lot of fun, yeah.
