Kuala Lumpur, Malaysia

Kuala Lumpur Golf and Country Club

Liyana Durisic

Quick Quotes

Q. Here with Liyana after round three. 3-over par today. Talk us through your round.

LIYANA DURISIC: I started off really well and then made a tough double. And then -- but I made birdie on 18, so crossed at 1-under.

Felt really good about it, and then made a couple mistakes here and there and I couldn't sink anymore putts. It was just about making pars and just taking it then leaving.

Q. Double was --

LIYANA DURISIC: I had two doubles today.

Q. Two doubles. What happened? Was it a troubling thing or...

LIYANA DURISIC: No. I can't remember the first double I had actually. Oh, it was just a tough lie. I was short-sided.

Then the next double I went in the water and couldn't make up and down and that was it.

Q. Any positives from today?

LIYANA DURISIC: I started off really well so I had that really good momentum builder. I think if I can just keep my head down tomorrow and make more good decisions, just get it on the green really, because my putting has been really well this week. If I can get -- if I can just get the ball on the green it would've been fine. That's the goal for tomorrow.

Q. So what is your game plan for Sunday?

LIYANA DURISIC: Same thing. Just fairway, green, two putts. Not trying to do anything extra. Yeah, that's it. Just same game plan. Just making more good discussions.

Q. When you came into this did you set a target for yourself? You're coming off a win from the Ladies Amateur, right, so maybe you kind of thought, let's go?

LIYANA DURISIC: I didn't really have a specific goal in mind. It was more just like enjoying the moment, because last year it felt like I was trying too hard and I couldn't really enjoy it. I was stressing about my game.

This week I know I didn't really play so well but I feel like I have been enjoying it. So I think that's a win.

Q. So the difference between last edition and this edition you think your game has matured?

LIYANA DURISIC: Yeah, definitely. Yes. I'm still making some mistakes here and there but I feel like my game has evolved compared to last year. I'm not stressing too much about it.
