Brooklyn, New York, USA

Julian Phillips

Q. If you'd just start out with an opening statement what you'll bring to Chicago.

JULIAN PHILLIPS: I'm bringing being an everyday guy, someone who approaches it the right way, who comes in and works hard, who is willing to do anything for the team to help get us wins.

Q. Julian, what do you expect just about your game and how you're going to develop in the upcoming months? And what are your plans for Summer League and if you have any objectives for that?

JULIAN PHILLIPS: Yeah, thank you, to start off. Just being part of the team and being able to get there and work and develop. They've got some great wings on the team with Zach LaVine and DeMar DeRozan. So getting to learn from older guys and guys like them I think will be real beneficial for me.

In terms of Summer League, just going out there, get as many wins and showcase everything I can do.
