Brooks Koepka

Quick Quotes

Q. What were some big moments in the round, and what do you feel was different than the last time in this position?

BROOKS KOEPKA: Last time was in Augusta. I just learned I knew what I did in Augusta. I spent the whole night thinking about it. I knew what I did and I knew I was never going to come out and think that way again. Didn't do that.

I felt in control all day. I felt -- to be honest with you, probably the one that was settling -- what's the par 5, making the birdie there, I felt like that was a good putt. The other ones were three, four feet. But I think making that 7-footer just helped build some momentum early.

Q. Five majors, three PGAs, given all you went through and the rehab and the doubts, is this as sweet as any?

BROOKS KOEPKA: Yeah, this is probably the sweetest one of them all because all the hard work that went into this one, this one is definitely special. This one is probably it for me.
