## Ruoning Yin

Press Conference

THE MODERATOR: We're here with Ruoning Yin. What were some of the challenges you saw today compared to what you saw from the course yesterday?

RUONING YIN: I think today's biggest challenge is my putting. I made a couple of three-putts, and I think that's when I lost my stroke. I just three-putt.

THE MODERATOR: We'll open it up for questions.

**Q. Did the rain make the pace of the greens different from what you had seen?**

RUONING YIN: Yeah, I felt like because when I do my warmup, the green was pretty fast, but once I was on the course, the green was super slow. So it was kind of hard to judge the green speed.

**Q. What was the impact of the rain. Was it more annoying than anything, or did you get...**

RUONING YIN: I'm fine with it. Just my whole thing. Can't control the speed very well. Yeah, that's it.

**Q. How many holes did you play without rain today, do you think?**

RUONING YIN: Probably just the first hole.

**Q. Just the first hole?**

RUONING YIN: Yeah.

**Q. Oh, wow. Were you able to catch up with Janet at all yesterday?**

RUONING YIN: No, because we finished pretty late yesterday, and after I see my physio, I just went home to sleep. I didn't have time to catch up with her, but maybe we'll do it today.

**Q. We had a good laugh yesterday when she was telling us how you rent her house and how she considered raising the rent after you made a big winner's check.**

RUONING YIN: Oh, yeah. I'm ready. I'm ready for that.

**Q. You wouldn't be upset about it?**

RUONING YIN: No. I mean, she helped me a lot. Yeah, it's reasonable.

**Q. What will you take away from this round heading into the rest of the week knowing you are still up at the top and still in contention?**

RUONING YIN: Like I said yesterday, my ball striking was quite on spot. I just need to figure out the speed control with my putting. That's all.
