## Mario Tiziani

### Quick Quotes

THE MODERATOR: Mario, real nice start for you today in the opening round. What did you do well out there.

MARIO TIZIANI: I gave myself a lot of chances, honestly. I hit a lot of fairways and a lot of greens. I hit it pretty close to the hole. That was kind of not a lot of stress with a lot of up and over putts, which we're going to have eventually here, but today was -- I was able to get on the right level.

**Q. How many tournaments did you play this year?**

MARIO TIZIANI: I think I've played five this year.

**Q. So this is a good result for that --**

MARIO TIZIANI: Yeah, yeah, anytime.

**Q. I understand when you are not playing you have other duties or many hats, including assisting your brother-in-law.**

MARIO TIZIANI: Yeah, I quit golf for a long time and got into sports management, player management. I continue to do that as part of the other stuff that I do. I couldn't really just give it up. I had a client base, and I'm able to have the time to do it out here, and he's family, so it helps.

**Q. Who are your clients?**

MARIO TIZIANI: I have Brian Campbell on the PGA TOUR, Steve, Luke Guthrie, who's on the Korn Ferry, as well, David Perkins who's on the Korn Ferry. I've got a few guys. A couple females, as well.

**Q. How do you practice and how do you keep in form for a round like this?**

MARIO TIZIANI: Yeah, I'm busy, so I'm up early, and every day is a full day. It's time management. But like I said, they give us enough time and space out here to work on your game.

**Q. You've seen your players that you represent being**

**in the position where you are right now, so what will you do now?**

MARIO TIZIANI: Yeah, that's a good question. Just try to do what you're doing. I think that's easier said than done. But I've prepared, I feel, and -- so yeah, I'm just going to go try to execute and do what I'm doing.
