## Corey Conners

### Quick Quotes

**Q. So you birdied the first hole and then the 9th hole and then had three bogeys in between that. What was it like to get off to that start there?**

COREY CONNERS: Obviously birdieing the 1st is what we're trying to do. It was a great start. Things just didn't go my way on the rest of the front nine until 9, hit it close again. Gave myself chances to save par on those holes I made bogey, but wasn't able to convert and, yeah, just a couple loose shots and couple bad bounces I guess.

**Q. You kind of put that past you on the back nine, you got the birdie and then the eagle. How important was that to get right back on track?**

COREY CONNERS: Yeah, it was nice. I still felt good about the game and good about things and was just trying to battle hard. Made a great par on 12, actually. Yeah, great to eagle the 13th there. Yeah, feel things feel a lot better when do you that.

**Q. Then that putt on 16 about that 40-foot for birdie. How were you feeling after that?**

COREY CONNERS: Yeah, I felt great. It really was kind of a tricky putt, broke a couple different ways, had some speed to it, but felt like I saw it pretty well and hit a nice putt there, and it's always a bonus to see those drop in.

**Q. (Question about the Olympics.)**

COREY CONNERS: Yeah, huge honor to represent Canada at the Olympics again. It was a big goal of mine, since playing in Tokyo three years ago, that I really wanted to represent Canada again. I feel for Adam Hadwin, he was playing some really good golf as well and I was able to just sneak by him, so really happy and excited to get to go to Paris and it will be a lot of fun playing alongside Nick.
