CHAMPIONSHIP

Q. It was quite the duel with you and Viktor over the last couple days, and I know we all know what your goals were coming into today, how would you assess how you played and just the ultimate result?

SCOTTIE SCHEFFLER: I played solid over the course of four days. There's obviously some shots that I would like back, but overall it was a good solid week. Obviously a little bit disappointed with the finish, but overall feel like my game's in a good spot.

Q. What did you see in the putt on the last hole? It was a similar line to last night, did it just break a little bit less today?

SCOTTIE SCHEFFLER: I hit it on my line, I think it was just a little bit firm, it was one of those putts you kind of had to make, and I just hit it a little bit firm. So that's a bit disappointing, especially with the putts I made last night to stay in the tournament. But overall definitely some good things to come from this week. I struck the ball really nicely and it's just one of those weeks where I was close, but just wasn't quite good enough.
