TPC Deere Run

Silvis, Illinois, USA

Beau Hossler

Quick Quotes

Q. Beau, good round for you. What worked well for you particularly today? Anything?

BEAU HOSSLER: Putted nicely. Yeah, and I hit some pretty decent approaches inside like 170 yards; outside of that was a bit of a struggle.

Yeah, short game and putting was working nice. I guess for the most part I was in pretty decent position off the tee as well.

Q. Getting out early on a course that's had some rain, was that good to be able to attack?

BEAU HOSSLER: Yeah, the greens the first nine holes were as good as any greens we'll play all year. They were amazing. Back nine, since it's soft, they got a little bit spiked but still really, really nice.

So, yeah, it was an opportunity I think for everybody in our group to kind of make some putts, and certainly did on the front nine.

Q. Your group overall shot really well for the first 18. Did you feed off each other?

BEAU HOSSLER: I think it's nice to see balls in the fairway and on the green and obviously see some putts going in. Like I said, the greens were so good that if you hit a quality putt pretty much every time was going to go in.

Yeah, certainly it's nice to have some momentum in the group and I think really until the last played pretty clean.
