Tyler Duncan

Quick Quotes

Q. After your round today, how does it feel getting this opportunity on the PGA TOUR?

TYLER DUNCAN: It's great. I put two good rounds together in Dallas and didn't play as well as I wanted to on the weekend, but you know, I learned a lot from that weekend. I'm happy to be back in the position.

Q. Now going into the weekend, how do you carry that momentum forward?

TYLER DUNCAN: I've been kind of trending in the right direction, playing a lot better over the last month or so. It's just kind of starting to come together, so I'm just going to hit as many greens as I can and try to make some putts.

Q. Playing better consistently, how does that feel? What does that make you feel like I guess going forward?

TYLER DUNCAN: It feels good. I've been working really hard, and golf you don't always get rewarded for the work you've put in right away. We always want results sooner than we get them a lot of times, so it's just trying to stay patient and play the best I can.

Q. In these two days here at the Deere, what has worked best for you? What part of your game carries you into the weekend maybe?

TYLER DUNCAN: I think -- I haven't looked at the stats today, but just kind of all-around, I haven't done anything spectacular. I feel like everything, all areas of my game, have been really good. I think right now I'm just going to keep doing that and see what happens.

Q. It's been two hot days, probably more on the way. It's getting late Friday. What do you do now to prepare for Saturday?

TYLER DUNCAN: Start hydrating right now. It's hot. Those last six or seven holes got really hot. The humidity came back. I'll probably go just do a little bit of cool-down
