## Webb Simpson

### Quick Quotes

**Q. Eagle at the last, maintained your position going to Chicago. Thoughts on the week?**

WEBB SIMPSON: I got better every day. Every day we improved our position a little bit and that's a good sign. I did that last week in Greensboro. It was one of those weeks where I felt like it was a solid-through-the-bag kind of week, nothing really let me down. Not too many mental mistakes and I really got it going, Dustin and Harris shooting these low numbers, I never got a low one in there but very confident leaving here.

**Q. You've won on this golf course with a score very similar to what you've shot this week and yet there are guys that are shooting eight, 13 shots better. How impressed are you about Harris and DJ, especially?**

WEBB SIMPSON: It's incredible. Dustin is having one of those career tournaments. This will be his 22nd win, but this is like as good as it gets. I'm assuming he'll get to 30-under. It's not easy.

I know there was a bunch of talk this week, I heard, from guys, that people thought this course was too easy. It's not too easy. Any time you give a PGA TOUR player soft greens, which they had a bunch of rain I heard right before we got here and a lot of rain yesterday, soft greens give us good scores.

I mean, historically, it always has and the rough wasn't as long this week as it normally is. So you put those two together, and that's why I think we're seeing some of the scores we're seeing. And, you've got to give the guys credit. The course might be easier than normal but a 59 is a 59 and 60 is a 60 and 30-under is 30-under on the PGA TOUR.
