## Si Woo Kim

### Quick Quotes

**Q. Just first impressions of the golf course and competition, 3-under today. How would you describe that round?**

SI WOO KIM: Yeah, I love to play like first tee off, and then I got the best conditions of the greens. I was like it. Yeah, it was a good start, and then back nine a little getting tired with these hills. But trying to keep focused.

Hit a lot of good shots, hit a lot of good putts. A couple misses, but hopefully next couple days I can get better.

**Q. You mentioned fitness and the hills. How much will that play a part?**

SI WOO KIM: I feel like I really work out, so I was trying to keep drinking, trying to keep breathing, but it's definitely harder than last week.

**Q. You came close to a hole-in-one at 16. Can you talk about that shot on that hole?**

SI WOO KIM: Yeah, I have 5 and 6, between numbers. I know here altitude, so I try to hit it hard with a 6, and I saw as soon as it land, I can see it right at it. It was close. Too hard maybe.

**Q. How do you feel like you played with the altitude? Do you feel like you did well there?**

SI WOO KIM: Yeah, my caddie, Manny, is from Colombia so he's used to high altitude. I'm getting help a lot from him. He's used to this altitude, so I love to get like his advice every time.

**Q. Is he telling you this is the number to hit and he's doing all the calculations?**

SI WOO KIM: Yeah, he calculates everything and he just give me normal TrackMan numbers, so I just hit my numbers. That's it.

**Q. What did you think you did particularly well today?**

**BMW**  
CHAMPIONSHIP

### Which part of your game excelled?

SI WOO KIM: I think my driver -- I think my driver is way better than last week. I figured something out last week a couple days, so trying to keep the same way. That's why I drive it well than last week. Hopefully same as next three days.
