### Quick Quotes

**BMW**  
CHAMPIONSHIP

#### **Q. How would you characterize the day?**

LUDVIG ABERG: Well, I thought it was fun. It's been a -- every time you're in that position, you're obviously trying to win the golf tournament, and I felt like I kept being aggressive, I kept aggressive executions, and felt like I gave it a shot.

But looks like I'm going to end up a little short.

#### **Q. Do you keep learning more and more about your game out here as you continue to put yourself in these positions more and more?**

LUDVIG ABERG: I think so. I think what I'm most proud of is coming into this week I felt like I was not swinging very well, I was kinds of struggling a little bit. Not necessarily struggling but it was just nice to see that I was able to put four rounds together, play really well, especially after the start I had on Thursday, and to kind of put myself in position to try to win the golf tournament.

#### **Q. How proud are you of the fact that you're going to the TOUR Championship in your first full year out on TOUR and in the position where you are going into the TOUR Championship?**

LUDVIG ABERG: Yeah, absolutely. I've looked forward to the Playoffs for a long time, and it's been kind of circled on my calendar, obviously. I think if you'd told me before the year started I'd be 5 going into or whatever it's going to be, I think I would be very happy with that, obviously. Yeah, it's been great.
