Quick Quotes

Q. Talk about your game today.

COLLIN MORIKAWA: Same as the year. There was some good, some bad, some surviving. That's kind of how the year has been. Just have to make some changes. As much as I don't want to change, I have to change.

These are frustrating years where I feel like I come into it with a positive attitude and look back at it and say, man, what could I have done better? That's just who I am. A little unfortunate to finish out the year like this.

Q. What do you feel like you need to change?

COLLIN MORIKAWA: It's weird, but I feel like my irons need to get better. I know my numbers from a numerical strokes gained look fine, but I should be able to step on 15 tee here and aim in the left edge of the water and know that ball is never going there.

17, I had pitching wedge to a back pin, hit it left in the bunker. Those are just shots that right now for quite some time now that I am just hitting. I hate doing that. Just got to keep digging. Wake up every day and just keep figuring it out.

Q. Is there anxiety the next 24 to 48 hours as you wait for the call from Keegan?

COLLIN MORIKAWA: Yeah, it's definitely been in the back of my head. It's hard to push it aside. I haven't been playing great, but I think I'm a great asset to that team. Hopefully I get a positive call from Keegan.

Look, at the end of the day, he's going to do what's best for the team, and we're going to see how that plays out. I really hope I'm part of that because the past four years of team events that I've been a part of, they're the best. They sometimes wake you up and snap you back into the type of golfer you need to be.
