Quick Quotes

Q. Corey, that worked out great for you. Tell me about your match today. I know it was a very disappointing ending yesterday. You guys fought really hard. Tell me about today.

COREY CONNORS: Yeah, today I was really motivated to get back on the right side of things. It was a tough day yesterday, like you said. Didn't get off to the best start today, but kept believing and played some really good golf.

I'm proud of the way I hung in there and hopefully can help cheer on the other fellas to put up some more points.

Q. Tell me about the crowds this week. The people showed up. The people cheered Canada. The National Anthem on 13, did that throw you off your game?

COREY CONNORS: The crowds have been absolutely incredible all week. One of the coolest moments of my career on 13, with everybody, a thousand people around the green singing "O Canada" and to hole a putt like that was really memorable and special.

The crowds have been behind us, and we really felt their energy. I fed off the energy. I'm a proud Canadian and honored to have everybody out here cheering us on in my home country.
