Q. I'd love to hear a little bit about the vibe in the team room, the vibe of the team chat this year. If you could talk a little bit about that, please.

CHRISTIAAN BEZUIDENHOUT: Yeah, we've got a great group of guys. It's only Tuesday but it's already been a lot long week. Yeah, we've got a great team room going. Got great spirit in the team room. Yeah, going to be a fun week with all the boys.

Q. A bit of a personal question regarding Adam Scott, your team veteran. There was a question earlier whereas they asked the captain how much are folks thinking about him in this event and trying to not just to win one for the internationals but is there part of you that wants to get one for him?

CHRISTIAAN BEZUIDENHOUT: Yeah, of course. I mean, he's part of the international furniture now. He's played in 12 of them. Yeah, he plays as good as what he played 25 years ago.

So, I mean, all of us would love to win the Cup, but it would be so much more special if we can do it while Adam is still in the team as well.

Q. How is he a leader for you guys in the room? What is his -- how does he carry himself? Does he have a motto or some type of guiding principle for you all?

CHRISTIAAN BEZUIDENHOUT: Yeah, he's obviously a senior player on the team, and you can draw so much experience from him playing in 12 of these in his career.

Yeah, he's an easy guy to get along with. Easy guy to chat with. He's obviously a good leader as well. So all us can be privileged to have him on the team and learn from him and his experience over the last 20 some years.
