### Quick Quotes

**Q. Overall how would you assess the day and the week?**

GARRICK HIGGO: I think it was good. My putting was a lot better. It kept me in the game quite a few times this week, especially Thursday and Friday. But yeah, I don't think I could have done anything better. Obviously the game, it's golf, so you are going to hit some bad shots. I think I hung in there well. I think it could have gone both ways, and I'm pretty pleased with the result.

**Q. You talked earlier in the week about how after Congaree, the win, things kind of maybe didn't go the way you wanted to. You're learning a lot of new things but said you're a lot more comfortable. Did you feel that comfort level inside and outside the ropes this week?**

GARRICK HIGGO: Yeah, for sure. I think my game has matured. I think you can see it. I feel like all parts of my game have improved in the last year, and I certainly took a dip in confidence and in my game, but I feel like I've kind of reaped the rewards from that little dip.

**Q. Did you feel comfortable -- I know you said you've been working on it for a while, going back to the draw. Did the tee ball feel a little more comfortable this week?**

GARRICK HIGGO: Yeah, for sure. I've always played the draw, and I enjoy the ball starting left of my target. The second shot on 16, I still have the tendency to get a little quick from the top and then I get that right miss.

Yeah, it's getting there. It's getting there.

**Q. How much confidence do you take from this for the first of the fall schedule?**

GARRICK HIGGO: Yeah, a lot. Obviously next week, I've played that course a lot. I was there for a year. I'm looking

**Q. Are you in CJ Cup?**
