Shriners
Children's Open™ 

Q. (No Microphone.)

SUNGJAE IM: I feel pretty good about my game overall and I just want to keep these feelings and try to have a good week this week.

Even though I'm in the lead, I'm top of the leaderboard, there's two days left to play, so I like to try to keep focused on my game and try to take it one shot at a time. It's going to be difficult if it's windy, so I have to be more strategic to the course management.

It was pretty windy today overall, it was hard for me to play well in the beginning, but I tried to keep composure and tried not to be too aggressive. But when I had like short distance I hit my wedge pretty good and that makes me have lots of birdies today.
