### Quick Quotes

**Q. Congratulations. Another solid round out here today. 6-under, you are 13-under going into Sunday. I'm looking at the numbers. Your irons have been good here all week. In fact today, you lead the field in strokes gained approaching the green and proximity. Does that kind of sum up how good it's been.**

LUCAS GLOVER: Yeah, yeah, I been ironing it pretty good. Like to be in the fairway a few more times. You know, you only think about your iron game when you're making some ten-footers. Make a few more of those I'd be a bunch more under, but such is life.

I'm happy with the way the week has progressed and playing nice, yeah, just keep doing what I'm doing. Maybe make some more of those mid-rangers tomorrow.

**Q. Course is a little different this year. A lot greener. Rough is much thicker. The scoring has been good, but I'll tell you what, at the top of leaderboard they're fighting to make birdies?**

LUCAS GLOVER: Yeah, yeah, you know, the start here can be tough. There is couple holes on the back that can be tough. You get out of position and a lot of stuff in your way a lot of times out here.

That's the way it should be.

But, yeah, rough a crazy thick because of all the rain they had in December. Birdies are there if you're in the fairway. Greens are perfect. Golf courses is perfect.

So if you're in the right position you can make a bunch.

**Q. Any tweaks, changes, as you turn the calendar year in the game, clubs, ball, anything?**

LUCAS GLOVER: No, no, nothing. Just tried to improve on a pretty lackluster fall and get back to what I did in the summer.

But, yeah, nothing crazy.

**Q. You're in good position going into Sunday so good luck tomorrow.**

LUCAS GLOVER: Thank you, bro, appreciate it.
