

Sony Open in Hawaii

Friday, January 12, 2024

Honolulu, Hawaii, USA

Waialae Country Club

Keegan Bradley

Quick Quotes

Q. Keegan, nice playing; 7-under through two rounds. How would you assess what's been clicking for you this week so far?

KEEGAN BRADLEY: Yeah, I played really great these last two days, especially today. Yesterday was really tough. When it gets windy this course can play pretty difficult, so really excited with the way I played.

Q. How do you spend the off-season break between end of the fall and kind of Sentry ramp-up?

KEEGAN BRADLEY: I spent as much time with my family as I could. Went to the course, did my work, but it was great to have some off time and hang with my family and live a normal like for a few months.

Q. Anything from last week that's better these two days than last week?

KEEGAN BRADLEY: I mean, last week I shot 14-under. I came in 45th place, but still shot 14-under.

I felt like I played pretty good. That course drives me a little crazy. I played pretty well. You know, sometimes when you play these courses where the scores are crazy low, if you don't putt great you're going to come down to the end the field.

Happy with the way I played.

Q. Is this a course like on your schedule, one you just like to come to and easy to slot this in?

KEEGAN BRADLEY: Yeah, I have always played here. I love the golf course. It's tricky, difficult. It seems to fit my eye. I enjoy coming here every year.

Q. Gary Woodland, have you been in touch with him or talked to him?

KEEGAN BRADLEY: Yeah, when something like that happens out here, feels like a family member, so I'm so

happy to see Gary back out here. Such a relief to hear that he was doing well.

There is not a better guy than Gary Woodland, so everyone is pulling for him and happy to see him tee it up this week.

Q. Something where he kind if talked about not having that type of fear before and it was pretty powerful stuff. When you hear something like that as a player, what someone can be going through on the course, what does that make you think about?

KEEGAN BRADLEY: Yeah, it's scary. Just real-life stuff. Not worrying about making a 4-footer. I feel for him and his family. I am just so proud and happy for him to be back out here playing.

Everyone is going to be pulling for him throughout the year obviously.
