La Quinta, California, USA

PGA WEST Pete Dye Stadium Course

## Patrick Cantlay

### Quick Quotes

**Q. Solid round today. What was working out there for you today?**

PATRICK CANTLAY: I putted really well on the back nine, kept it in play. It's a golf course I'm comfortable on, I played this tournament a number of times. I feel like my game's in a good spot.

**Q. With the course renovation, mainly the greens, were there any adjustments that you knew you had to make early in the week coming into this tournament round today?**

PATRICK CANTLAY: New greens, obviously they're going to be a little firmer, that's the case any time they redo greens. It's a little different for this event, usually the greens are a little on the softer side, but with it firm like this you really have to pick a good number and hit your spots coming into the greens.

**Q. Obviously early in the season, opening swing on the West Coast, going into the final round tomorrow in contention, what's been your game plan this week and are there any adjustments that you're going to make tomorrow knowing that you have an opportunity to put a good round together and win the golf tournament?**

PATRICK CANTLAY: No adjustments at all. I got off to a little slow start my front nine at La Quinta, which is a sin this week, you got to torch La Quinta. But I played really well since then, and so I'll keep that momentum hopefully into tomorrow.
