Quick Quotes

Q. How difficult is something like this to deal with considering it looks like the penalty that you got last night is going to cost you the cut?

VIKTOR HOVLAND: Yeah, it's unfortunate. Can't do -- I mean, I've already kind of put that past me. I'm just more disappointed that I wasn't able to play better because I had a good start today, and if I would have just kept going in that direction, I could have been, let's say, 5-under par and then going into the weekend with a chance to win the golf tournament.

I already put that past me, but yeah, just disappointed I didn't play very good today.
