Quick Quotes

Q. Brian, just a couple real quick. You've obviously had a lot of success here, two top 10s coming into this week. What does it mean to string four rounds together on a tough golf course?

BRIAN HARMAN: Just a couple swings I wish I could have back today. Just a couple sloppy bogeys on the front, but nice to make a run on the back nine. Yeah, I was trying to make birdies. I was aiming at flags, proud of the way I played 17 and 18, and just came up short.

Q. Next coming month or so, you've got another few big events coming up. What does this do for you confidence-wise? I know you say you don't rank them but --

BRIAN HARMAN: I'm not in Augusta. I'm not in the Match Play. For me, I've got to keep going. I've got to keep playing good. Seems like every time I start playing really well out here, it's like I take a mental break, oh, I'm playing good. I'm going to try to push through that and keep working hard and just elevate my game to where I think it should be.
