Quick Quotes

Q. Tell me about your round today; did you feel comfortable, the rain delay and everything?

ABRAHAM ANCER: Yeah, well, obviously I think we all came prepared to have a delay. We knew the weather wasn't going to be the best, but felt good. I hit it a little bit quicker off the tee which I didn't feel -- which is not very normal for me, not knowing if it's going to draw or fade, which is really weird. But kept it in play and hit my irons well, hit a lot of greens and made some putts.

Happy with the round, but yeah, I've got to check on that tee ball.
