Quick Quotes

Q. How pleasing is it to get a nice round to start the playoffs?

JASON DAY: It was good. Hopefully we can get our second round in. Apparently, we're getting some weather right now. But it was nice to be able to finish this morning's round. Hopefully we can get the second round in. I know that tomorrow is going to be pretty awful.

Yeah, obviously it would be nice to go out there, apparently with some heavy stuff coming in, so it's going to be tough for everyone out there.

Yeah, I'm happy about where things were yesterday and then coming over into today.

Q. What's it take in these conditions to play well?

JASON DAY: A lot of commitment but also having a good game. A good caddie actually gives you -- it helps maybe a shot or two out there having a good caddie. Knowing what he's doing, it definitely helps.

So commitment is huge, especially when you come down the stretch. 17 and 18 are brutal, especially with rain.

Got about 40 minutes or so. I'm looking forward to getting a little bit dry and then going out there.
