Quick Quotes

SAM BURNS: The golf course is getting really good, and I think they've done a fantastic job in general of just getting it ready to play. I'm really excited. It's going to be fun. No matter what happens just go out there and enjoy it.

Q. In your mind what is more difficult than this final round with everything on the line, controlling your golf ball or controlling your emotions?

SAM BURNS: I think it's all perspective. At the end of the day for me, it's just a round of golf. So just go out there and have a good walk with Travis, talk about random stuff and just enjoy the day. We're just thankful to be here.

Q. What do you want to focus on in this final round?

SAM BURNS: I think just continuing to stick to our game plan, continuing to hit quality shots. That's what it comes down to. Each shot is valuable than the one before, so just continuing to stay in the present and just try to focus on that.

Q. Can you share some of that game plan?

SAM BURNS: Hit the first fairway to start and go from there.
