Quick Quotes

Q. Nice finish today; how would you sum up your round overall?

ADAM HADWIN: Got away with some things, made a lot of putts today. Got away with a few things today. I hit some really good shots that I took advantage of, obviously. Made a lot of putts early. Had 10 putts through nine holes today, hit four greens and was 2-under on the front, and that doesn't happen very often here.

Just kind of scrambled my way around. Feel like I'm a little disappointed walking off 1-over the last couple, but good, solid week.

Q. At this point in the tournament were you watching the leaderboard at all?

ADAM HADWIN: Unfortunately, yes, and I think that's probably what led to me playing the last two 1-over. So I'll learn from that.

Q. I know you've been working on some things. How rewarding is it to put it together on Monday at a tournament like this?

ADAM HADWIN: Yeah, it's fantastic. I think double kind of awaits you on almost every single hole out here. One bad shot, and it's tough to recover.

Nerves are there. You've got to trust what you're doing. I did that very well for the most part all week.

Q. It's such a wild week; have you had time to digest and sum up this adventure that was this week?

ADAM HADWIN: No, not yet. There was a lot of golf played at times and very little golf played at times. I think we're all happy to be done.

Yeah, just kind of a wild week. Something I don't know if I've ever been a part of so far. It was nice to play well on Sunday -- Monday. Both.

Q. Schedule the next little bit?

ADAM HADWIN: Tampa, week off, Valero. Hopefully play well next week, as well, and maybe work my way into Austin; we'll see.
