### Quick Quotes

**Q. When you're getting off to a start like you are, does it feel any different, or are you looking at the scoreboard and thinking like, wow, I got four birdies in a row? What's that feeling like?**

COREY CONNERS: The feeling is good. Obviously I did a lot of things well early in the round, and really my focus was just trying to continue to do what I was doing: Get it in play off the tee and give myself birdie looks. Helps when you get off to a start like that, and felt like I could play free and try to keep playing free and keep giving myself as many chances as I could. A few mistakes out there ultimately, but it was a good day.

**Q. Lastly, what was the difference for you putting yesterday versus today?**

COREY CONNERS: Yeah, seeing one go in on the first hole was big for me today. Kind of got me on a good run where I was able to have some freedom and knock in a bunch of chances I gave myself, especially early in the round.
