### Quick Quotes

**Q. We've been doing a story on a fan club that's been following you every hole for six years out here at THE PLAYERS. Are you aware of them?**

SI WOO KIM: Yeah, I saw them maybe after I won. I saw them, and every time they're loading for me and following every hole, so it helps me a lot.

**Q. So you appreciate that from them, and do you notice the different outfits?**

SI WOO KIM: Yeah, I saw them bring my face tee shirts, so it's just funny. I think that almost four, five years been doing that. Just hopefully they get new shirts.

**Q. As someone who won here and had the first big win of their career, I'm wondering how winning THE PLAYERS changes your outlook as a pro?**

SI WOO KIM: Yeah, it's a huge win, especially that was my second year, so that helps me a lot. Then the next five years I can get free exempt, and I can get like PLAYERS locker room, which is cool.

Yeah, it was a huge win for me, and always I'd love to win here.

**Q. Do you feel like your career changed in a significant way? Do you feel like you arrived or your life changed after the victory?**

SI WOO KIM: Yeah, I think so because I was just here surviving after the first year. I won the first year, but still, I have to worry about survive here, and this TOUR is not easy to survive every year.

That helps me like five years, so I can get like free roll, and that helps me huge. I get in like three years all the majors. That's still huge. I still want to more win this tournament.
