Pebble Beach, California, USA

Pebble Beach Golf Links

Andrew Putnam

Quick Quotes

Q. Great playing so far. As it stands right now you're in third place. What's been the key to your success so far through two rounds?

ANDREW PUTNAM: Yeah, I've been keeping the ball in the right spots. These greens pretty tricky if you get out of position. The putter's been working pretty good. The greens here are very similar to what I grew up on in the Pacific Northwest, so I feel really comfortable out here and I grew up on some greens with a lot of slope and a lot of speed, so these look good to my eye.

Q. Over to Pebble Beach tomorrow. Your experience at that course in the past and what are you looking forward to tomorrow?

ANDREW PUTNAM: Yeah, I mean I love Pebble, I played there quite a bit. Most guys on this TOUR have played there quite a bit over their careers. Been able to play a couple U.S. Opens there, it's a great course and it sets up pretty good for me and hopefully keep it going. Obviously the irons are the key out there with the small greens and so if you put them in the right spots you can make a lot of birdies.

Q. You enjoy playing in this format, obviously not every week you're playing alongside amateurs for all four rounds. How are you enjoying that so far?

ANDREW PUTNAM: Yeah, it's been great. I mean, obviously a little bit longer rounds than we're used to, but get to meet some great people and people I would never bump into just at the country club. So it's great to meet some of these business guys and some of the celebrities.
