Quick Quotes

Q. Nice finish. 10-shot difference from yesterday. What was the cause of the turnaround for you late?

TYRRELL HATTON: I don't know. I mean, I struggled yesterday. I think I lost four and a half shots on the greens and I didn't feel like I putted that bad. I just didn't feel like there was any holes out there for me.

I was struggling today, but I was grinding, I really wanted to make the cut, defending this week, I wanted to be here for the weekend. Obviously, the chip-in on 14 -- was it 14? Yeah. Yeah, that kind of got me going and it was nice to birdie four in a row.

Q. How do you keep it going heading into the weekend on such a positive note?

TYRRELL HATTON: Well, we'll just see. Like I said, my game hasn't felt great, so hoping that I can kind of find something when I wake up tomorrow morning.

Q. What's the memories been like? We talked earlier in the week but now when you get back out there in this tournament that you won a year ago, is that helpful at all when you try to at least realize what you did a year ago?

TYRRELL HATTON: Yeah, I mean, I take confidence from the fact that obviously we had a great week here last year. Have to say, it is nice playing in front of crowds again, having an atmosphere and stuff like that. So I feel like that kind of helped as well today. Yeah, I need some low scores over the weekend and I'll certainly be trying my best to do that.
