

# Arnold Palmer Invitational

Thursday, March 5, 2026

Bay Hill, Florida, USA

Bay Hill Club and Lodge

## Jhonattan Vegas

### Quick Quotes

**Q. I heard you talked about patience. How much was patience tested earlier in the year here? I saw some of your finishes, probably not what you were after, but what have you changed, what's new today?**

JHONATTAN VEGAS: You know what, I mean, nothing has changed. It's just, you know, it's putting in the work, right. Obviously the past few years dealing with injuries and that kind of slowed things down. Obviously I spend the fall trying to get my body healthy, and I didn't really quite spend the time necessary into the game as I should have. Just kind of working to get the body right for the year. I feel like I'm very close and obviously it showed today.

**Q. So no real change for this week, equipment or a little swing change?**

JHONATTAN VEGAS: No, equipment-wise I got a new putter and it seems to be working well, especially around these greens. Hopefully we can keep that magic going.

**Q. What injuries were you trying to heal up?**

JHONATTAN VEGAS: Right shoulder. I had surgery in 2013 and, I don't know, it just hasn't felt the best -- I mean in 2023, sorry -- and it just hadn't felt that great ever since. So, you know, I mean obviously it's never fun playing that much golf as we do with injuries, because it's hard to really get a hundred percent. So it's a work in progress every day.

**Q. I was going to ask, is it something that you're still trying to work through or did something finally break through that helped your shoulder?**

JHONATTAN VEGAS: It's just something that you have to keep working every day. With injuries and with the way the body goes, it's a work in progress. I mean, it's a never ending process.

**Q. Having your physio here with you this week, can you talk a little bit about this?**

JHONATTAN VEGAS: Yeah, you know what, obviously tried to change it up a little bit, and just kind of focus on doing a lot more physio work than probably more working out like I was doing before, just keeping the body in a better place. So it's been fun. It's been good, it's been feeling better, and we got to keep doing that work.

**Q. It's a funny game, isn't it. I mean, just turn it around and be able to --**

JHONATTAN VEGAS: You know what, it's just one shot, one putt, one good sensation. We're always looking for that great sensation, and build on it. I feel like I was kind of pretty close to that today, and we just got to keep doing that.
