Q. You've been a little bit on the injured side, haven't been out here lately. There was all kind of reasons to think that this would be a tough match and you made it look kind of easy in the opening.

MATT WOLFF: I might have made it look easy but it wasn't. Corey is a great player. I think he suits match play really well I think he doesn't really miss a lot of shots he hits the ball and hits a lot of fairways and doesn't really make mistakes I knew he would be a tough match coming in but I'm just starting to enjoy the game a little more, recovering a little bit and I think it's easy to play well when you love it and when you're enjoying yourself out here and it's a little difficult to play well when you're not.

Q. It was a wrist injury the last we saw you at the Concession and you withdrew after the first round? Wrist injuries usually take awhile to heal. What's the status?

MATT WOLFF: Yeah, it feels a lot better. I have a new trainer actually that I hired that I used to work with in college and wasn't really working with anyone for a while and did a lot of rehab the last three weeks and feel like not only feel like a new player and healthy again, but look I just said my outlook on everything I'm enjoying myself out here a lot more and just grateful to be out here.
