Quick Quotes

Q. How was that match out there for you?

TOMMY FLEETWOOD: It was good. I always think there's two ways -- I was frustrated yesterday, but at the same time the result, if you feel like you've played well and you've had a great match and you've done what you can, you obviously can accept that. I think definitely today -- yesterday I felt like I played all right. Fitzy just got the better of me at match play, played really well, and I lost on the last. And then today you're coming out against a very, very good player who's playing great and you just have to get stuck in. Just really pleased with the way I played, and then obviously he got unlucky on 17 really, gust of wind swirling, comes up short and that obviously worked in my favor. But just very happy with how I played and a great result, as well.

Q. It's very likely that it's probably win or go home for you tomorrow. What kind of mindset do you bring to that match compared to the previous two?

TOMMY FLEETWOOD: Just the same. I think it's nice to go into tomorrow, especially after yesterday, knowing that you're playing to try and get through. You know, obviously Poults is never going to lie down and it's going to be a really difficult match. But just keep trying to play my best, try my best.

Today I really enjoyed the way I hit it. That makes me feel good. So I want to keep doing that. Whatever happens tomorrow happens, but I'm excited to go into Friday still with a chance of progressing through into the knockout stages and just keep trying to do my thing.
