## Lucas Herbert

### Quick Quotes

#### **Q. Recap that match and how you hung in there.**

LUCAS HERBERT: Yeah, I got to beaten by the best player in the world probably playing the best golf of anyone in the where would today.

You know, I've got nothing but just pride for the way I played. Pushed him all the way to the end. I just didn't feel like there was a hell of a lot more I could have done. I played really, really nicely.

Played nicely for four days in a row, so it's frustrating to finish the tournament here. Just really proud of myself.

#### **Q. With that, just recapping the week in general, looking ahead here, just overall comments on what you're proud of this week?**

LUCAS HERBERT: If I can keep playing like that we're going to have a lot of good weeks in the future. A lot to take way from a it. Big turnaround from Sawgrass, so really proud of myself for that.

Yeah, like you said, it's just a lot of good positives to take into the future. Yeah, just sucks that I came up against the best player in the world today.
