Quick Quotes

Q. You kind of looked a little tired there after two matches today. Kind of characterize the day as a whole and moving on to the semifinals.

SAM BURNS: Yeah, I think I'm still playing tomorrow, so that's obviously a positive. I think I played some solid golf the last couple matches today, and was able to hole some key putts.

I think my game is in a good spot. It's looking like I'm going to play Scottie, so that'll obviously be a tough match, and looking forward to it.

Q. Tell me if I'm wrong; you seem like your whole game you've been in control of this week; is that right?

SAM BURNS: Feels like that, yeah.

Q. Obviously there's maybe a little bit of struggles in the last couple months. Does that feel good to have that, especially going into what's coming up?

SAM BURNS: Yeah, for sure. Obviously haven't played my best at times this year, but I feel like my game is coming into form at a good time.

Q. Possibly playing Scottie tomorrow, is it hard for you guys -- you guys are such good friends and you play practice rounds together and everything. Is it hard to play an actual match that means something now?

SAM BURNS: No, not at all. We want to beat each other as bad as anybody, if not more. Obviously when we tee it up, it'll be business, and after we'll give a hug to each other and congratulate whoever wins.
