## Kurt Kitayama

### Quick Quotes

**Q. Kurt, hell of a week. What do you take away from your week this week?**

KURT KITAYAMA: You know, you just kind of take -- gives myself confidence to believe I can compete out here, especially on a course like this where ball striking is a premium out here. So to be able to hit it as well as I did, I can take that I feel like anywhere.

**Q. Coming into this week, results haven't been what you were hoping for. What was it about your game on a course like this that made you shine?**

KURT KITAYAMA: I think my ball striking really stood out this week. Gave myself plenty of looks and just tried to hit as many greens as possible. You know, big difference with the past few weeks is I think my putting. Finally started gaining strokes on the greens, and that's kind of been a really big game changer.

**Q. Was what it like coming down the stretch with the rain and the weather showing up?**

KURT KITAYAMA: It was pretty hectic. I was hoping it was going to die down a little bit, but it really didn't. You know, just kind of had to play to the middle of the green and two-putt.
