PGA National Resort

## Ben Taylor

### Quick Quotes

**Q. Ben, good playing, 5-under 65, capped off by a birdie at 18. If we could just get a comment on the round.**

BEN TAYLOR: Yeah, I knew today might have been a smidge harder being an afternoon start. The wind quite wasn't as strong as I thought it could be at times, which set up for a few chances, and bar a couple of hiccups out there with a few funky tee shots, we posted a good score today.

**Q. Does the time you spent living down here the last couple years help you feel more comfortable around this course, even if you haven't played this course many times?**

BEN TAYLOR: For sure, yeah. This is home for me, so this is the climate I'm the most used to and I enjoy playing in. I've got a fiancé, family, friends, members of the club, I've got them all out there. It's nice to have the local support, and I'm excited for a fun weekend.

**Q. You've had a couple of good finishes this season so far. How will your attitude be going into tomorrow, comfort level, too?**

BEN TAYLOR: Yeah, to me this isn't new to me anymore. This is a position I've been in a few times now, multiple different levels. This is kind of the third time I've been in this position this season, so it's not new anymore. I think that will help settle the nerves on the weekend.

This is not an easy golf course, so I think regardless of where you've on the board, you've got a chance.

This is a true test of golf, this place, and I'm looking forward to some fun the next two days.
