Quick Quotes

Q. Did you do a clinic with the kids?

PETER JACOBSEN: Yeah, I did. That was the First Tee thing. Yeah, it was fun. They do a good job.

Q. I know you do clinics and all that kind of stuff, but what was it like?

PETER JACOBSEN: Yeah, they brought in 12 chapters from around the country, and they're all 15, 16, 17, and they're all hitting the ball -- I do a Drive, Chip & Putt, and every year it's gotten better and better and better to where the most impressive kids are the young girls, the 14-, 15-, 16-year-old girls. We had a girl this year, Ally Mulhall, I think she hit it 273-up that hill, cold in the morning in Augusta, and we had some young girls yesterday that could whack it. It was really fun to see. It was really fun to see the preparation and the instruction they get early on.
