Quick Quotes

**Q. Not the exact result you wanted but a good week nonetheless and something you wanted and needed going forward?**

BRANDEN GRACE: Yeah, a hundred percent. We played great. I want to say three or four silly bogeys, which is easy to make in this format, but yeah, it happens. Neither of us was really coming into this week thinking we were going to play this week, and then coming here and knowing we were going to finish top 5 was great. Now build up after this week, get into the next couple events and definitely looking at coming back next year.

GARRICK HIGGO: Yeah, it was a good week. If you said to us we'll finish top 5, we would have taken it, obviously the way we've been playing. But both of us, we haven't been playing bad. That's just the way golf is. You're close, and especially on this tour you have to be kind of firing on all cylinders every week. So I think we both found something, we just enjoyed it, and it's a good week.

**Q. Do you think you showed Trevor a little bit about your aspirations for the end of the year?**

BRANDEN GRACE: Yeah, yeah, a hundred percent. That was one of the goals coming into the week was to show him, listen, we're still here, and at a tournament like this, playing against the best field in the world, it's pretty exciting to finish top 5, to say the least. I know now we'll make a great team in both formats. If we get into the team together, I think it's definitely a great pairing.

GARRICK HIGGO: I agree. Our shapes work together. We play the same ball. Yeah, I think everything about our games fit quite nicely.
