Quick Quotes

Q. Going to Quail Hollow next week, obviously it's well in advance of the Presidents Cup, but anything Presidents Cup-related next week? Any intelligence you can gain or anything you can get from it?

ABRAHAM ANCER: Just try to figure it out, just try to play it. I only played it I think once before. It's a big golf course, so I know I have to be in the fairway almost every time to be able to have a chance for birdie, obviously, but, yeah, just to get more comfortable, get some rounds in, practice pretty much every day before the tournament starts and just get as many reps as I can.

Q. Trevor given you guys any assignments for the week or any advice?

ABRAHAM ANCER: Not really. I think we just going to go do our thing. We might catch some dinner, whatever, hang out, but nothing crazy.
