## Danny Lee

### Quick Quotes

**Q. 310 yards was your average off the tee. So you drove it great. Strokes gained iron play first in the field. Pretty good combination, right?**

DANNY LEE: Yeah, I always like this place. Tee to green it just suits my eye very well and obviously I also hit it great today. I wish I can play like this every day. But it's nice to play under normal conditions again, the last two weeks have been brutally tough and mentally and physically. Today was actually I would say a little easier than last couple weeks. So that kind of helped, I guess.

**Q. How would you describe this golf course? It's not a typical Florida course. It looks like a course maybe in North Carolina. Is that why you like it so much?**

DANNY LEE: I don't know what North Carolina golf courses look like.

**Q. It looks like this.**

DANNY LEE: Well I guess then, it's very straightforward, there's not much to it, you just got to hit a good shot off the tee and second shot, sometimes there's a few -- if you hit it in the left part of the fairway you got to shape your, there's some shape shots, because of the tree line a little bit. But there's not much to it if you just keep it straight I think you're going to have a lot of birdie opportunities and of course you got to putt well to make the birdies. So hopefully I will do this more often.
